

## Join the Patient and Caregiver Partner Engagement working group!

Across the province, communities are coming together to create new local Ontario Health Teams to create a new and better way to organize and deliver health care services.

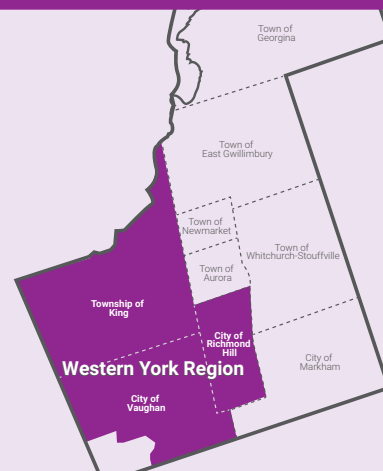

The Western York Region Ontario Health Team includes a group of 16 partners working together to provide better health care to people in the Richmond Hill, King, and Vaughan communities.

### Are you interested in helping to plan better health care services for your community?

We are looking for people with direct experience as a caregiver or patient who:

- Use the health care system in Western York Region (Richmond Hill, King, Vaughan)
- Are interested in sharing their knowledge and ideas
- Can volunteer about 4-5 hours per month
